### **Humber College Motorcycle Training Institute Acquires 18 KYMCO Super 9 Scooters for Rider Training**

The Humber College Motorcycle / Scooter Training Program in Toronto has acquired a fleet of 18 KYMCO Super 9 AC scooters for their scooter training program. Humber College, one of the largest motorcycle rider training schools in the world, will now be listed as KYMCO's preferred training centre in the Greater Toronto Area.

The scooter training program is designed to teach students the necessary skills required to feel comfortable and confident while riding. Humber College and KYMCO continuously emphasize the importance of protective gear, safety, and proper riding skills, and recommend that all riders invest in the Humber rider training program. As an added incentive, KYMCO's corporate store in the GTA (Studio Cycle Group Inc.) is offering a \$100 discount to any Humber College student or Humber College training school graduate that decides to purchase a KYMCO.
