Studio Cycle Group Inc. wins Business Innovation Award in the Junction

KYMCO Canada's newly opened corporate store, Studio Cycle Group Inc., recently won the Spring 2009 Business Innovation Award for best new business in Toronto's Junction neighbourhood. The award was issued and presented by Cheri DiNovo, MPP for Parkdale - High Park, at an award dinner on Tuesday, March 24th 2009.

Studio Cycle Group Inc. is the authorized Toronto area KYMCO dealer and carries the full line of scooters, motorcycles and ATVs. The building is located in the heart of the Junction and underwent eight months of renovations last year prior to opening its doors.

The concept was to launch an upscale, urban retail store for KYMCO's modern product line up that complemented the local neighbourhood. The Junction is quickly becoming one of Toronto's trendiest areas, attracting artists and entrepreneurs alike, while maintaining a warm and welcoming community atmosphere. We are proud to be a part of the Junction, its storied history, and its promising future.

Visit the store at 2923 Dundas Street W (just west of Keele St), or call 416-766-5300 for more information.
